## Mathematician's Delight Pdf Free Download

ME626 TMA01 Adaptation 2020

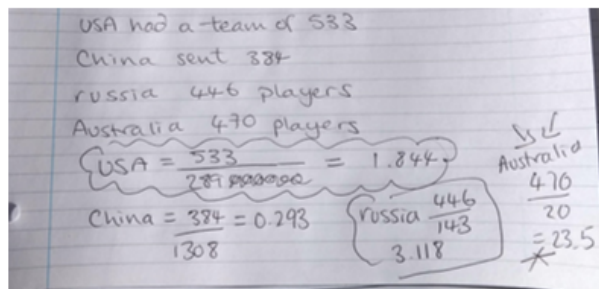

USA had a team of 533  
China sent 384  
Russia 446 players  
Australia 470 players

G – I think the bigger the team, the sportier the nation. USA is the biggest.

T – Yes. It's a big nation.

G – China is bigger. Look 1308 million. USA is 289. OK I will do that thing again.

USA had a team of 533  
China sent 384  
Russia 446 players  
Australia 470 players

USA =  $\frac{533}{289} = 1.844$   
China =  $\frac{384}{1308} = 0.293$   
Russia =  $\frac{446}{143} = 3.118$   
Australia =  $\frac{470}{20} = 23.5$

T – What did you find out then? Write it down.

G – (writing) In my first sum I thought Australia was the sportier nation and in my second sum Australia was my sportiest nation. All over it was Australia because they had the biggest numbers.
